As a parent and East Greenwich Resident,

I support reasonable monitoring of online education for the safety and privacy of our children.

We support the bill "Safe Schools Technology Act"

-Require schools to enable screen time settings so caregivers can track screen time at schools

-Require schools to allow parents/caregivers to opt out of school-issued devices, devices being sent home and online standardized testing.

-Establish more stringent requirements for the approval of any digital curriculum

Thanks in advanced
