Hi,

I'm writing to express my support for the Safe Schools Technology Act being heard this Thursday in the House.

As a parent and educator, I strongly value efforts that promote transparency, thoughtful use of technology, and caregiver involvement in students' digital experiences. In particular, I support provisions that allow families to track screen time, opt out of device use and online testing when appropriate, and ensure stronger review of digital curriculum.

These are important steps toward creating a more balanced, developmentally appropriate learning environment for students.

Thank you for your time and consideration.

Sincerely,
Piera Leone
