Dear Honorable Chair McNamara and honorable members of the House Education Committee:

Please support 7895 SAFE SCHOOL TECHNOLOGY ACT OF 2026.

As a mother and a member of the Town Council, cyber issues are one of the biggest issues facing our school aged population and their parents. Our school aged population are vulnerable members of our society and exposed to the dangers of the internet far too soon. Other countries have successfully passed bills like these including Denmark, Australia, Spain etc. We must do better. Please support 7895.

Thank you for your work.
