Hello,

My name is Amberly Sawicki and I have a ten year old daughter and an almost 3 year old son. We have been homeschooling for two years now and it has been such a blessing to our family. Watching my children thrive and deepen their sibling relationship as well as getting in plenty of time with extended family and friends has been so beneficial for them. My children are well rounded, kind hearted and friendly to people of all ages.

In addition to delaying homeschool approval, this concerning bill forces fit parents to prove that they should be allowed to homeschool. Parents know what is best for their children. I have always met the requirements in our local school district to submit letters in a timely manner as requested. I urge you to please deny this homeschool bill so that home education can continue to be an option for anyone who wishes to take this route for their family.

Thank you for taking the time to read my testimony.

God Bless,  
Amberly Sawicki & Family
