You don't often get email from jessica.herisse@gmail.com. [Learn why this is important](#)

Good morning,

I am writing this email to express my opposition of H8531. I have been homeschooling for 12 years now. I have graduated two of my children, both who are now in college, and have three more currently homeschooling.

This bill would negatively impact my family and many others in our homeschool community.

Thank you,  
Jessica Herisse
