Concerning: House Bill 5604

Position: Against

To: RI House Committee on Education

I am writing to express my opposition to House Bill H5604 for multiple reasons:

1. This bill requires teaching on sexual orientation and gender that are not based on science but on a political agenda.
2. Using children as social experiments is irresponsible.
3. This educational agenda goes far beyond the responsibility of a school to educate a child to function responsibly in society.

Thank you for your time. Trusting this radical agenda will NOT be implemented.
