Subject: H5294 must be supported !

Support for the old growth forest protection act H5294 is vital to Rhode Island's future. Especially in light of the federal dismantling of policies this nation faces, Rhode Island's representatives must support this bill if they wish to have a livable environment for their children and grandchildren who are dependent on today's adults.

You cannot regrow an old tree.

You can ruin the immediate future.

Support this bill!

Sincerely,

Katharine Rauch
