

Dear Chair Bennett and members of the Committee,

My name is **Lois Migneault** and I live in **Jamestown, Rhode island**. I am submitting testimony in support of The Building Decarbonization Act of 2025 (H5493).

To meet our Act on Climate emissions reductions, we must take action to reduce greenhouse gas emissions from our large buildings. Passing this bill is a critical first step to start understanding building energy usage so we can develop standards to reduce greenhouse gas emissions."

This bill to monitor energy usage in LARGE buildings will ensure that everyone is aware of their impact on climate change.

Thank you for your time,

Lois Migneault
