

Testimony in support of H5606: Wildlife Killing Contest

Barbara Walsh. 62 Frederick Street, Warwick, RI 02888

Date of Hearing: March 20, 2025

To: Chair Bennett and the honorable Members of the House Environment and Natural Resources Committee

Oh my God, why would a civilized society want to condone such gruesome spectacles? This horrific practice needs to be stopped. Hunters will be allowed to hunt and that will probably never end, but a contest which elicits a competitive delight in piling up more and more bodies, larger bodies, etc. is unconscionable. These are not 'sporting activities'; they are not for food; they are for bragging rights. Please, please pass this bill.
