Dear Legislators:

Please vote in favor of Bill H5606. Wildlife killing contests are horrific and self-serving. By allowing this to continue, who is this serving - people who have no respect for wildlife and engage in killing contests for sport and money? Wildlife is one of the wonderful free gifts that we have on this planet. Their numbers are dwindling fast as humans populate and take over their habitat.

The least we can do is stop greedy killing contests!

Thank you,
