**Subject:** Time for Real Recycling Reform

Dear House Environment and Natural Resources Committee,

I'm a lifelong Rhode Islander who cares about our neighborhoods, our Bay, and making sure working families and local businesses aren't stuck paying for a broken recycling system.

Please move H 6207 and S 996—the modern "Bottle Bill" and EPR—before session ends. It's simple: too many bottles and cans are ending up as litter or in the landfill, and taxpayers and towns are left with the cost.

It's fair, it works, and it'll save money. Let's finally get real recycling reform done.

Sincerely,  
Delmy Ocasio
