Subject: Re: Bill #: H6207

Dear Clerk Monsolillo:

Single-use beverage containers are a massive litter and waste problem. Everyone knows this.

Bottle bills work. Everyone knows this, too.

Senate Bill 996 by Sen. McKenney and House Bill 6207 by Rep. McEntee reflect the recommendations of the study commission to create a Deposit Return System for beverage containers and a producer responsibility program for other forms of packaging. These systems would be paid for by producers and have no impact on the state budget and create a world-class recycling system that both reduces litter and improves recycling.

Please support S996 and H6207. Thank you for all you do for our great state!!
