

Testimony in support of H7533: House Resolution—State House Waste Reduction Audit

Dr. Hans Scholl, 71 Fales Avenue, Barrington, RI 02806

Date of Hearing: February 26, 2026

To Chair Bennett and the honorable Members of the House Environment and Natural Resources Committee:

I support the bill because a waste reduction audit will identify cost and material savings opportunities and reduce waste in the State House. In particular, the idea of installing bottle filling stations will reduce the amount of plastic bottle waste and will pay for itself over time.

Please bring the bill to a vote in 2026.

Thank you very much for considering my input, and thank you to Representative Carson for introducing this important bill.

Dr. Hans Scholl
