Providence, Rhode Island 02903

Dear Chair Bennett and members of the Committee,

My name is Glenn Rawson, of Providence, and I am submitting testimony in support of bill 7183.

As a father and a teacher, I am sick and tired of watching our young Rhode Islanders despair about how little has been done to reduce our contributions to climate change. Reducing energy consumption from our buildings and transitioning their energy use to clean, renewable sources is a big part of the solution. Please support this bill!

Sincerely,
Glenn Rawson
