

Support for House bill 7484

March 10, 2026

House Environment and Natural Resources Committee

Dear Chair Bennett and members of the Committee,

My name is Gillian Kiley and I live in Cranston, RI. I am submitting testimony in support of House bill 7484.

I urge you to support the Buildings Carbon Emissions Reduction Act. The act will create a system by which developers consider the carbon impact of their buildings as part of the permitting process. With a waiver process and exemptions for a range of buildings, the bill is thoughtfully written, and can help save developers money, create efficiencies, and safeguard the public.

Please support bill 7484.

Sincerely,

Gillian Kiley
