Subject: House Bill 7531

You don't often get email from kipcoerper@gmail.com. [Learn why this is important](#)

on behalf of the Episcopal Diocese of RI Creation Care team as co-chair, i oppose this bill. I am a proud owner of solar panels in Hopkinton, RI and I believe establishing a statewide gas emission reduction is common sense, especially now as we see the impact of global conflict on oil prices and the excessive pollution burning fossil fuels creates in our environment. The 2021 Acr on Climate is a forward thinking bill that puts the health and welfare of Rhode Island people ahead of corporate profits and pollution by the fossil fuel industry.
