Whitney Catanio, Providence
Bill [H 8310](#),
Strongly against

To Whom It May Concern,

Since the tragedy at Columbine, years ago, many officers have been assigned to schools throughout the US. Not a single one has stopped a school shooter. Police are not the answer. Gun control is. Please stop putting a piece of tape on a dam wall to stop the flow of an entire reservoir. The police budget is too high as is. Their success rate is incredibly low for the services they should provide to the community. Thank you.
W. Catanio
