Dear Representatives,

First of all I would like to thank you for all you do for our state and for our people. I don't think you are thanked enough. I wish to call your attention to and consider passing H-7591 while you have a chance to prevent the extremely difficult access to care as seen with dental services because of the neglect to do the same regarding Dental fees since 1992. Such neglect has resulted in an access to care crisis as well as a decreasing and aging population of dentists as dentists chose to practice outside of Rhode Island.

Sincerely,

John B DeMello DDS
