I wish to express my support for H5529 which will help many lower income seniors and persons with disabilities across R.I. to better afford needed health care and save at least \$185/month helping to pay for other basic needs such as food, housing, and utilities. H5529 would increase the income eligibility from \$1781 to \$2445 per month. I urge your careful and compassionate consideration for this matter. Thank you for your time and attention.

In service,

Vincent Marzullo
