Dear Chair Abney and members of the House Committee on Finance,

My name is Caitlin Massey. I am from Cranston and I am testifying in support of House Bill 5771. This bill will improve access to fertility health care, particularly for those who have Medicaid as their insurance. This health care is essential for Rhode Islanders to build their families, and it is imperative that we expand this care to those who have historically been excluded from this right. I urge you to support this bill so that all Rhode Island residents have the opportunity to utilize the standard of care they are entitled to.

Thank you,
Caitlin Massey
