

Ana Lia Alcolea Tassia

I, Ana Lia Alcolea Tassia am a resident of Providence and I am in support of HB 5473. In my community we are below in economic resources that people have to rely on and are paying higher taxes compared to those making \$625,000 and it unfair. Our paid taxes should be a reflection of more resources, clean streets, police, education, health, and justice in every street of our community.

Sincerely,

Ana Lia Alcolea Tassia
