Subject: Opposition to H5473

I'm writing in opposition to this tax proposal.

Is this the answer to everything? Simply raise taxes? We're already in the top 10 states in the US with the highest tax rates. And what do we get with this?

- Good K-12 education? Laughable.
- Good highways? Absolutely Laughable.

I'd give serious credence to this. "Just raise taxes, bro" is a serious symptom of disfunction.
