

Margarita Angel

I, Margarita Angel am a resident of Central Falls and I am in support of HB 5473. It is important that we provide resources for our undocumented and low-income families. It feels as if food insecurity played a more serious toll in our community with very little resources available at our disposal. It is important to me that we address this issue, provide better health insurance, and improve our public transportation. Thank you.

Sincerely,

Margarita Angel
