Subject: Oppose H6256

Dear House Finance Committee,

As a long time RI boater I oppose reinstating the sales and property tax on boats. The marine industry comprises of many small businesses supporting the states boat owners. These taxes will discourage boat ownership and likely boost sales from RI residents in nearby CT and MA. The marine industry will be hurt and the State of RI yet again is searching for a way to generate revenue from its overtaxed residents.

Sincerely,

Dickson Boenning

Jamestown
