Subject: Don't Tax Boats (Opposing H6256)

House Finance Committee,

I'm in opposition to H6256 as a member of the Rhode Island industry. Reinstating a tax on boats will hurt our economy and everyday Rhode Islanders by pricing us out of access to our waters, driving both boaters and marine-related businesses to neighboring states, threatening local jobs and negatively impacting our overall economy for everyone.

Please vote **NO on H6256**. Don't sink Rhode Island's marine industry.

Sincerely,

Gavin McClintock
Portsmouth
