Subject: H6256. I oppose taxes on boats.

Dear House Finance Committee,

I grew up enjoying the waters of Narragansett Bay on my father's boat and fell in love with the ocean. As I grew older I bought my own boats to continue my enjoyment of the bay.

Everyone knows boating is not a cheap hobby and during the last 4-5 years it's gotten a lot more expensive. The legislation proposed to tax boats is only going to make that worse and force people to abandon boating in the Ocean State.

I oppose H6256 and hope you do too.
