

To the honorable Members of the House Finance Committee:

My name is Richard Pierce. As a friend/advocate for the small farmers of W-NY, I am writing in support of H5534, which would allow small and urban farms to receive the same tax exemptions that large farms receive in our state.

W-NY has some of the most productive farmland in the country and therefore; many of our most productive and thriving family farms are under 50 acres. I believe that a farm's tax status should not be based on land size. Given the land prices in this state, there will only be more small and urban farms in the future

This bill is important to me because it will directly impact the financial wellbeing of all farms in W-NY.

Sincerely,

Dick Pierce - Youngstown, NY 14174
