

Dear Members of the House Finance Committee,

As a resident of Cranston, I ask you to support Resolution 5789 and authorize the appropriation of \$1,000,000 to pave the walking path at Meshanticut Lake.

The path surrounding Meshanticut Lake is in disrepair and needs to be paved.

A newly paved walking path would allow not only Cranston residents, but all RI residents, to enjoy beautiful Meshanticut State Park.

Thank you,

Rachel McNally
