

Hello

I cannot attend in person tomorrow but I wanted to express my desire for this bill to be rejected.

I live in South Kingstown and my son takes the bus to Meadowbrook Waldorf School every day. He does not go to a private school because we are rich, (I am a self employed carpenter) he goes to private school because I feel that school meets the needs of young children very well. We have chosen to cut back in other areas of our lives to be able to send him there. Access to bussing is extremely helpful.

There are not too many issues that affect my decision on election day but this is one of them.

Sincerely,
Ryan Blazejewski
South Kingstown
