

CITY OF WOONSOCKET - WATER DIVISION
RHODE ISLAND

May 19, 2025

Christopher O'Brien, Committee Clerk
House Finance Committee
State House
One Capitol Hill
Providence, RI 02903

Honorable Chairman and Committee Members:

The Woonsocket Water Division, regulated by the Public Utilities Commission, serves approximately 50,000 customers in Woonsocket, parts of North Smithfield & Cumberland, Rhode Island, as well as parts of Bellingham & Blackstone Massachusetts.

WWD fully supports Senate Bill No. 248 and House Bill No. 5317, for the reimbursement of utility relocation . The unexpected and unbudgeted cost associated with State initiated construction costs would be a detriment to all rate payers of WWD.

Thank you for your consideration,

Marc Viggiani
Superintendent
Woonsocket Water Division
