

Chairman Abney and Honorable Committee members,

My name is Daria Phoebe Brashear; I live in the Edgewood section of Cranston. Today I write to you in support of House Bill 5467.

As I have written to you before, transit service is critical, a service anyone and everyone can use, regardless of factors such as age, income, or ability. Allocating a stable portion of the Motor Fuel Tax is an important step in funding RIPTA such that we can enjoy mobility regardless of ability to drive or afford a vehicle.

Please support H5467.

Sincerely,  
Daria Phoebe Brashear
