

Chairman Abney and Honorable Committee members,

My name is Daria Phoebe Brashear; I live in the Edgewood section of Cranston. Today I write to you in support of House Bill 5468.

.

Transit service is a great equalizer, open to all. Too long we have treated a critical service instead as a last resort, and this bill is one part the state should be playing in ensuring we have consistent, stable funding such that we can enjoy mobility regardless of ability to drive or afford a vehicle.

Please support H5468.

Sincerely,  
Daria Phoebe Brashear
