Hi - Comment Bill (HB-5536)

We are the largest organic farm in Rhode Island and the largest receiver of the Snap coins from Farm Fresh RI. We are very grateful for this very important income for our small farm. But equally important, is the contribution we are making to the individuals and families that are in much need of good nutrition.

We writing the RI legislature to please continue to fund the SNAP payments to needy families in our state..

All the Best

Skip Paul ~~ Wishing Stone Farm

PS: We are infavor of (HB-5536)
