**Subject:** SUPPORT (H8178) - Highway Maintenance Account Increase for RIPTA

You don't often get email from patdafolee@gmail.com. [Learn why this is important](#)

Dear Chair Abney and Honorable Members of the Committee:

My name is Pat Foley, I live in Edgewood, and I am writing in support of Bill H8178. I choose to not drive, do not own a car and depend on RIPTA for my local personal and business travel

In comparison to federal standards, Rhode Island's Highway Maintenance Account (HMA) shortchanges RIPTA. An 80/20 split for surface transportation funding between highways and mass transit has been the standard in Congress since 1982, yet Rhode Island practices a 90/10 split. RIPTA needs a larger and more predictable state funding source in order to thrive.

As a transit rider and supporter, I am relying on you to support this simple solution for increasing revenue and ridership for RIPTA. Securing funding streams that do not rely on the federal government or declining gas tax revenue will not only achieve financial stability, but allow for the expansion of service to meet the needs of a growing population that requires access to the affordable and sustainable travel option that public transit provides.

I urge you to support H8178 to increase revenue for RIPTA, giving Rhode Island residents better access to affordable transportation and providing sustainable funding for public transit to thrive.

Sincerely,

Pat Foley
