Barbara Walsh, 62 Frederick Street, Warwick, RI 02888

Date of Hearing: April 14, 2026

To: Chair Abney and the Honorable Members of the House Finance Committee

Please support H8151. The hazards posed by climate change such as flooding, beach erosion, wastewater spillage, etc. need extensive mitigation efforts by the state. This bond will help address the major efforts needed to protect coastlines, infrastructure and public safety. This bond is a great and necessary investment in our state.
