Hi my name is Jordan bliss I'm reply to the email I received today April 13 2026 just to let you know the cuts from ripta not only cause people who are disabled and can't drive where bus stop been cut but ripta employees (bus driver) hardly care about there job I recently moved to Lincoln from Middletown and I live in industrial area I'm 20 minute away from the bus stop and bus 60 in West main bus like I said before " I feel bad till this day who every lives in Bayview estates apartments" when it close to the last bus the bus driver will ask if anyone going to Bayview if everyone says no or don't answer that bus will go pass the apartment " I'll never understand the state I was born and raised in when i tell you it's so horrible how we live in a state with high taxes where everyone still broke and the state itself is horrible I mean the smallest state in the US compared to bigger state you would think Rhode Island would be a easier state to maintain " REMEMBER THESE WORDS SMALLEST STATE IN THE US AND EVERYONE BROKE !
