

*"My name is Victor Martelle, I live in Providence, and I am writing in support of Bill H8317, Representative Alzate's \$5M allocation to reverse RIPTA's service cuts.*

*Defunding RIPTA is a brilliant idea, especially if the goal is longer commutes, more traffic, and making it harder for people to get to work and school. Nothing says "supporting the economy" like cutting the one system a lot of people rely on to participate in it. Really smart, really forward-thinking.*

*Just fix it, please."*
