

18 February 2026

Dear Chair Abney and Members of the House Committee on Finance,

I am writing to express my strong support for Joint Resolution H7011, which appropriates funding for the Rhode Island Auditory Oral Program (RIAOP). I respectfully urge the Committee to consider that this funding be provided in a manner that allows for the RIAOP to continue receiving annual support beyond the 2026-2027 school year.

The Rhode Island Auditory Oral Program is a crucial statewide educational program whose mission is “To prepare children with hearing loss for an education in their community schools by providing them with the tools they will need for successful inclusion and achievement [while striving] to empower their families with the knowledge and confidence necessary to support their children in their lifelong journeys.”

As a great grandparent of a child who is supported by professionals from this Program through Early Intervention and who plans to attend in the fall 2026, I have seen firsthand the meaningful impact it has on families across Rhode Island. I have watched this child grow in confidence and communication skills, and I have seen the reassurance their family feels knowing their child is guided by experienced specialists who understand their unique needs.

This funding will directly support the Program’s mission of supporting families who choose a spoken language modality for their children and allow it to continue delivering high-quality services that are not readily available elsewhere in the state.

I respectfully urge you to support this resolution and approve the proposed appropriation to the Rhode Island Auditory Oral Program.

Sincerely,
Margaret Tarbox
Jamestown, RI
