

On July 27,2023, my son, Matthew Michael Lowry, drove to the top of the Mount Hope bridge at approximately 3:15 in the afternoon and without hesitation according to witnesses jumped off . I absolutely believe that if there were a barrier it would have given him a moment to think about what he was going to do . Or perhaps a passerby would stop and talk him out of what he was about to do.

July 27, 2023 was the worst day of my life . It devastated my entire family and friends!!!! Suicide Barriers have worked around the World it's time that Rhode Island WAKES UP and starts saving lives so no other families are devastated and have to live with this tragedy like mine!!!!
