

Dear Chairman Abney and the House Finance Committee Members.

I am writing in support of H8490. This is a vital part of Newport Hospital. To lose this center would be a financial burden on the residents of Aquidneck Island. Taxes, burdening our emergency services, and the complications that comes with delayed care just can't be justified!

We just celebrated Mother's Day, so let's honor Mothers-to-be by paying H8490 out of committee.

Thank you
