

I am writing to urge you to pass House Bill 7689. Many of my loved ones are (or have been) green card holders. Their families live, work, and pay taxes here, yet are blocked from accessing the programs that they pay into! Many other states already allow income eligible green card holders to access these funds and trainings without a waiting period because they recognize that when our immigrant community is economically stable and supported, our entire state reaps the benefits! I hope RI will follow suit.

Sincerely,

Emma York
