

Dear Chairman Abney and Members of the Committee,

On behalf of Christine Going, and as a constituent from South Kingstown, RI, I write in strong support of H8171, the Food As Medicine Pilot Program Act.

We live in the same community and are friends of Christine and support her initiatives.

This legislation establishes a Food As Medicine Task Force to guide a targeted Medicaid pilot program. It builds on existing programs in Rhode Island and ensures future investments are data-driven and fiscally responsible.

As I am currently a retired electrical engineer, this just makes sense to me and hopefully to you as well.

I respectfully urge the committee to support and pass H8171.

Sincerely,  
Robert A. Jaccino Jr.
