

Dear Committee Members,

I am writing to oppose H 8152, the Forest Parity Act. This action would give the timber industry relief from taxes on logging equipment, and other advantages, which I do not see any reason for. Information shared with me indicates this action would result as incentive for clear-cutting forests and be destructive to the environment. I urge you to reject H 8152.

Thank you for your consideration on this matter.

Patricia LaRose
