Subject: H7123 Article 6, in favor

Dear Representative's,

I write to you in my civilian capacity as both a veteran and constituent to express my enthusiastic support of H7123 Article 6.

I have been blessed with experiencing a very special military career and as I lean toward military retirement, the issue of pension values is becoming more important.

In short, Donna and I are eager to remain residents of Rhode Island and unfortunately, if this bill were not pass, then we would have to think very intently on moving out of state in order to retain cost savings.

I am not suggesting that I want to avoid taxes. However, I do need to balance the inbound/outbound finances impacting my family. And as I understand it, this bill will get us level with the benefits offered by our geographic neighbors.

In closing, I am seeking your vote in favor of this bill. Thank you for your time and attention.
