Subject: In support - time to exempt - - Article 6-Taxation-Military Pensions

My father in law was career USNavy (USNA45), retiring in Newport 1964, my wife was born at the Newport Navy hospital, and I am a USMC veteran.

We've purchased a townhome in East Greenwich (Sept 21), and we're relocating next month, when we will become RI voters in March 2022.

While we are not personally affected and we do not draw military pensions, we also support elimination of taxation for eligible veterans.

Respectfully -
