Subject: 2023 Green Economy Bond with added funding for conservation and farmland.

We concur with the assessments and request of the Rhode Island Land Trust Council's addition to the 2023 Green Economy Bond of \$3M for the Agriculture Land Acquisition Commission ALPC, \$5M for State Land Acquisition and \$3M for Local Land Acquisition funds. These programs fulfill the Bond's intended use in ways that will impact Rhode Islanders today and for generations to come. Please review these requests through such a lens. Thank you for allowing Our requests to be heard.

Sincerely, Craig T Custer
President of Neutaconkanut Hill Conservancy
