

Naturopathic Medicine Study Commission Support

Dear Study Commission members,

My name is Emily Hill and I am writing to ask for your support of passing this bill to improve patients' accessibility to medical care from licensed Naturopathic Physicians. Passage of this bill is very important to me because I have suffered with and autoimmune disease for several years now, and my only previous option was harsh drugs. I worked with a Naturopathic Physician and am now in remission. I know many people who have similar stories, but it is at great cost financially. I also know many who would benefit from the same care but truly cannot afford it. And they suffer unnecessarily.

Thank you for your consideration.

Sincerely,

Emily Hill

Warwick, RI
