Dear Chairwoman Donovan,

I Katie Kochan am writing to ask for your support of passing of this bill H7299 to improve patients' accessibility to medical care from licensed Naturopathic Physicians. Passage of this bill is very important to me. I have struggle with health issues for several years. Traditional medical doctors have been unable to help me and I want to consistently seek out a naturopathic doctor. Unfortunately, the cost is high and while I work full time in education - it is difficult financially. This bill is crucial to my health and many others. Thank you for your consideration.

Sincerely,  
Katie Kochan
