

Dear Chairwoman Donovan,

I am writing to ask for your support of passing Bill H7299 to improve patients' accessibility to medical care from licensed Naturopathic Physicians. Passage of this bill is very important to me, as I am currently a patient of a Naturopathic Physician, that has resolved many of my health issues that could not be fully treated or resolved by traditional physicians.

Patients in need of treatment for nuanced situations should be able to utilize medical insurance for treatment. I am fortunate enough that I can pay out of pocket but for those lacking the necessary funds, this avenue of treatment may not be available to them.

Thank you for your consideration.

Sincerely,

Petra Jenkins
