To whom it may concern,

I write to you to express my objections to this hateful, harmful bill being proposed by Rep. Morgan et al. This bill contradicts science and common sense and would create direct harm to my child and others like her. Trans children need access to health care that recognizes their identity and helps them unpack medical choices. They do not need bans on services.

Passing this would cause great psychological harm to trans children in our state. DO NOT PASS THIS BILL.

Sincerely,  
Sarah Gamble
